

**EXTENDED RECOVERY AND ANTICIPATED LENGTH OF STAY IN CASE QUESTIONS****DESCRIPTION/BACKGROUND****Audience: OR Scheduler**

It will now be recommended to answer questions prior to case scheduling for patients with surgery patient classes of Surgery Admit and Hospital Outpatient Surgery.

**YOUR WORKFLOW**

1. Open Case.
2. Navigate to the Questions section.
3. You will see the two new questions as follows:

Extended Recovery Bed Needed? (23  
Hours or Less Admission)

No

Yes

Anticipated Length of Stay? (Midnights)

4. When you sign the order, you will be presented with a warning indicating which question should be answered based on patient class you selected (Surgery Admit or Hospital Outpatient Surgery):

**! Warning****Anticipated Length of Stay needs to be answered for Surgery Admits****! Warning****Extended Recovery (Y/N) needs to be answered for Hospital Outpatient Surgeries**
